

Beautiful accounting software

Why Xero? We're glad you asked.

From baking to bricklaying, consulting to crafting – whatever keeps you busy, Xero makes your business life easier. Xero is online accounting software that connects you with your numbers, your business and us, your advisors. Anytime, anywhere from any device.

Collaborate in the cloud

Bringing more heads to your books is easy with Xero. Just give us access and we'll log in, look at your numbers and give you advice. Perfect for spotting opportunities and nipping problems in the bud.

Reconcile from anywhere

Xero receives your bank statements automatically via a secure connection, making it a breeze to reconcile and gain a complete and up-to-date snapshot of your business. And if something doesn't look right, leave a comment. We'll log in and give you a quick health check.

Mobile access

Access accounts, check balances, upload receipts and invoice customers from your smartphone or tablet with Xero's iPhone or Android app.

Invoicing helps you get paid faster

Login and send an invoice the minute a job is done. You get notified when your customer opens the invoice, and they can pay you online right away. And we know that staying on top of your old invoices is hard work. So we'll check in from time to time and make sure you're getting paid as much and as fast as you deserve.

Anna and Peter are amongst the thousands of small business-owners across the UK enjoying the benefits of Xero:

"Xero has helped us to make sure I have the right information at the right time"

– Anna Barkas, Recruitment

"@Xero is so easy to use even from my phone, being mobile it works wonders for me"

– Peter Kerr, Tyres2U

Starting from just £9 per month, Xero has been designed to make it simple to run your business and access the information you need.

Want to get involved?
